(PDF) List of Begell House Journals

Discover 36+ from Begell House journals for 2026. Explore both paid and free options with detailed metrics, quartiles, impact factors, submission guidelines, and access types to elevate your research and publishing success.

Journal of Women and Minorities in Science and Engineering

ISSN: 1072-8325

The Journal of Women and Minorities in Science and Engineering (JWM) publishes original, peer-reviewed papers that report on empirical investigations covering a variety of topics related to achieving...

Atomization and Sprays

ISSN: 1044-5110

eISSN: 1936-2684

The application and utilization of sprays is not new, and in modern society, it is extensive enough that almost every industry and household uses some form of sprays. What is new is an increasing scie...

Critical Reviews in Biomedical Engineering

ISSN: 0278-940X

Critical Reviews™ in Biomedical Engineering (CRB) sets the standard for research and review articles of Biomedical Engineering, Engineering Medicine, Biophysics, Medical Physics and Applied Biotechnol...

International Journal for Uncertainty Quantification

ISSN: 2152-5080

eISSN: 2152-5099

The International Journal for Uncertainty Quantification disseminates information of permanent interest in the areas of analysis, modeling, design and control of complex systems in the presence of unc...

Journal of Environmental Pathology, Toxicology and Oncology

ISSN: 0731-8898

The Journal of Environmental Pathology, Toxicology and Oncology publishes original research and reviews of factors and conditions that affect human and animal carcinogenesis. Scientists in various fiel...

Multiphase Science and Technology

ISSN: 0276-1459

Two-phase flows commonly occur in nature and in a multitude of other settings. They are not only of academic interest but are found in a wide range of engineering applications, continuing to pose a ch...

Composites: Mechanics, Computations, Applications

ISSN: 2152-2057

eISSN: 2152-2073

Composites: Mechanics, Computations, Applications, An International Journal seeks to provide a central vehicle for exchange of basic ideas in the mechanics of composite materials and structures between...

Heat Transfer Research

ISSN: 1064-2285

Heat Transfer Research (ISSN1064-2285) presents archived theoretical, applied, and experimental papers selected globally. Selected papers from technical conference proceedings and academic laboratory...

Nanoscience and Technology

ISSN: 2572-4258

eISSN: 2572-4266

Nanoscience and Technology: An International Journal disseminates information of permanent interest in the area of Nano- and Micro- mechanics. Topic areas include, but are not limited to: pressure and...

Computational Thermal Sciences

ISSN: 1940-2503

eISSN: 1940-2554

Computational Thermal Sciences is an international journal designed to provide a forum for the exposure and exchange of ideas, methods and results in computational thermodynamics, fluid dynamics, heat...

Critical Reviews in Eukaryotic Gene Expression

ISSN: 1045-4403

Critical ReviewsTM in Eukaryotic Gene Expression presents timely concepts and experimental approaches that are contributing to rapid advances in our mechanistic understanding of gene regulation, organ...

Critical Reviews in Physical and Rehabilitation Medicine

ISSN: 0896-2960

eISSN: 2162-6553

Physical and Rehabilitation Medicine encompasses multiple healing technologies. The focus of the journal is directed at making available the current knowledge to health care professionals to improve t...

Critical Reviews in Therapeutic Drug Carrier Systems

ISSN: 0743-4863

eISSN: 2162-660X

Therapeutic uses of a variety of drug carrier systems have significant impact on the treatment and potential cure of many chronic diseases, including cancer, diabetes mellitus, psoriasis, parkinsons,...

Hydrobiological Journal

ISSN: 0018-8166

eISSN: 0375-8990

Hydrobiological Journal (HYD) publishes material translated from the Russian-language bimonthly Gidrobiologicheskii Zhurnal (ISSN 0375-8990) founded in 1965 and published by the Institute of Hydrobiol...

International Journal for Multiscale Computational Engineering

ISSN: 1543-1649

The aim of the journal is to advance the research and practice in diverse areas of Multiscale Computational Science and Engineering. The journal will publish original papers and educational articles o...

International Journal of Nanomechanics Science and Technology

ISSN: 1947-5748

eISSN: 1947-5756

Journal of Enhanced Heat Transfer

ISSN: 1065-5131

eISSN: 1026-5511

The Journal of Enhanced Heat Transfer will consider a wide range of scholarly papers related to the subject of "enhanced heat and mass transfer" in natural and forced convection of liquids and gases,...

Plasma Medicine

ISSN: 1947-5764

eISSN: 1947-5772

Technology has always played an important role in medicine and there are many journals today devoted to medical applications of ionizing radiation, lasers, ultrasound, magnetic resonance and others. P...

Telecommunications and Radio Engineering (English translation of Elektrosvyaz and Radiotekhnika)

ISSN: 0040-2508

eISSN: 1943-6009

Telecommunications and Radio Engineering publishes original full-length scientific articles and concise technical notes over a wide range of different directions of electronics, radio physics, and rad...

Critical Reviews in Immunology

ISSN: 1040-8401

Immunology covers a broad spectrum of investigations at the genes, molecular, cellular, organ and system levels to reveal defense mechanisms against pathogens as well as protection against tumors and...

Critical Reviews in Neurobiology

ISSN: 0892-0915

Critical ReviewsTM in Neurobiology encompasses a wide range of disciplines including experimental neurobiology and electrophysiology. Recent developments in analytical instrumentation and quantitative...

Critical Reviews in Oncogenesis

ISSN: 0893-9675

eISSN: 2162-6448

The primary objective of the Critical Reviews in Oncogenesis (CRO) is the update and dissemination of scientific and clinical knowledge pertaining to the underlying molecular bases of oncogenesis by e...

Forum on Immunopathological Diseases and Therapeutics

ISSN: 2151-8017

eISSN: 2151-8025

The aim of Forum on Immunopathological Diseases and Therapeutics (FIDT) is two-fold, namely, (1) to publish highly focused issues by expert Guest Editors on topics that cover diseases that are immunol...

High Temperature Material Processes

ISSN: 1093-3611

eISSN: 1940-4360

High Temperature Material Processes is an important international publication devoted to original and invited review papers on fundamental and applied re-search and new developments in materials proce...

Interfacial Phenomena and Heat Transfer

ISSN: 2169-2785

eISSN: 2167-857X

Interfacial Phenomena and Heat Transfer aims to serve as a forum to advance understanding of fundamental and applied areas on interfacial phenomena, fluid flow, and heat transfer through interdiscipli...

International Journal of Energy for a Clean Environment

ISSN: 2150-3621

eISSN: 2150-363X

The principle aim of the International Journal of Energy for a Clean Environment (IJECE) is to describe, compare, and evaluate innovative technologies that will maximize the efficiency of energy produ...

International Journal of Flexible Automation and Integrated Manufacturing

ISSN: 1064-6345

Information not localized

International Journal of Fluid Mechanics Research

ISSN: 2152-5102

eISSN: 2152-5110

For the past 20 years, Fluid Mechanics Research (prior to 1992 Fluid Mechanics-Soviet Research) has offered broad coverage of the entire field of fluid mechanics including flow of compressible and inc...

International Journal of Medicinal Mushrooms

ISSN: 1521-9437

eISSN: 1940-4344

The rapid growth of interest in medicinal mushrooms research is matched by the large number of disparate groups that currently publish in a wide range of publications. The International Journal of Med...

International Journal on Algae

ISSN: 1521-9429

The aim and scope of IJA is to inform the western scientific community, especially algologists, about original studies by scientists of the former Soviet Union and Eastern Europe in the following subj...

Journal of Automation and Information Sciences

ISSN: 1064-2315

This journal contains translations of papers from the Russian-language bimonthly "Mezhdunarodnyi nauchno-tehnicheskii zhurnal "Problemy upravleniya i informatiki". Subjects covered include informatio...

Journal of Flow Visualization and Image Processing

ISSN: 1065-3090

The Journal of Flow Visualization and Image Processing is a quarterly refereed research journal that publishes original papers to disseminate and exchange knowledge and information on the principles a...

Journal of Long-Term Effects of Medical Implants

ISSN: 1050-6934

eISSN: 1940-4379

The aims of the Journal of Long-Term Effects of Medical Implants are a better understanding of the mechanisms of failure of preclinically tested medical implants during long-term in vivo service life,...

Journal of Porous Media

ISSN: 1091-028X

eISSN: 1934-0508

The Journal of Porous Media publishes original full-length research articles (and technical notes) in a wide variety of areas related to porous media studies, such as mathematical modeling, numerical...

Special Topics and Reviews in Porous Media

ISSN: 2151-4798

eISSN: 2151-562X

Special Topics & Reviews in Porous Media-An International Journal (STRPM) publishes up-to-date research works related to special topics and reviews covering a wide range of fields related to porous me...

International Journal of Energetic Materials and Chemical Propulsion

ISSN: 2150-766X

eISSN: 2150-7678

The main purpose for this journal is to promote scientific investigation, technical advancements, and information exchange in the two closely related areas of energetic materials (EM) and chemical pro...
