(PDF) List of Hardware and Architecture Journals

Discover 80+ in hardware and architecture journals for 2025. Explore both paid and free options with detailed metrics, quartiles, impact factors, submission guidelines, and access types to elevate your research and publishing success.

ACM Journal on Emerging Technologies in Computing Systems

ISSN: 1550-4832

eISSN: 1550-4840

The Journal of Emerging Technologies in Computing Systems invites submissions of original technical papers describing research and development in emerging technologies in computing systems. Major econ...

ACM Transactions on Architecture and Code Optimization

ISSN: 1544-3566

eISSN: 1544-3973

ACM Transactions on Architecture and Code Optimization (TACO) focuses on hardware, software, and system research spanning the fields of computer architecture and code optimization. Articles that appe...

ACM Transactions on Cyber-Physical Systems

ISSN: 2378-962X

eISSN: 2378-9638

Cyber-Physical Systems (CPS) has emerged as a unifying name for systems where the cyber parts, i.e., the computing and communication parts, and the physical parts are tightly integrated, both at the d...

ACM Transactions on Embedded Computing Systems

ISSN: 1539-9087

eISSN: 1558-3465

The design of embedded computing systems, both the software and hardware, increasingly relies on sophisticated algorithms, analytical models, and methodologies. ACM Transactions on Embedded Computing...

ACM Transactions on Internet of Things

ISSN: 2577-6207

ACM Transactions on Internet of Things (TIOT) is a new ACM journal that publishes novel research contributions and experience reports in several research domains whose synergy and interrelations enabl...

ACM Transactions on Modeling and Performance Evaluation of Computing Systems

ISSN: 2376-3639

eISSN: 2376-3647

ACM ToMPECS publishes high-quality peer-reviewed articles on performance evaluation methodologies, and the applications of these methodologies to computer and communication systems. Please ensure that...

ACM Transactions on Multimedia Computing, Communications and Applications

ISSN: 1551-6857

eISSN: 1551-6865

The ACM Transactions on Multimedia Computing, Communications, and Applications is the flagship publication of the ACM Special Interest Group in Multimedia (SIGMM). It is soliciting paper submissions o...

ACM Transactions on Parallel Computing

ISSN: 2329-4949

eISSN: 2329-4957

Parallel computing is no longer a niche research field but an essential ingredient in all aspects of computer science. ACM Transactions on Parallel Computing (TOPC) is a forum for novel and innovative...

ACM Transactions on Storage

ISSN: 1553-3077

The ACM Transactions on Storage (TOS) is a new journal with an intent to publish original archival papers in the area of storage and closely related disciplines. Articles that appear in TOS will tend...

Acta Polytechnica Scandinavica Mathematics and Computing Series

ISSN: 1456-9418

Information not localized

Ad Hoc Networks

ISSN: 1570-8705

eISSN: 1570-8713

The Ad Hoc Networks is an international and archival journal providing a publication vehicle for complete coverage of all topics of interest to those involved in ad hoc and sensor networking areas. Th...

Advanced Robotics

ISSN: 0169-1864

eISSN: 1568-5535

Advanced Robotics (AR) is the international journal of the Robotics Society of Japan and has a history of more than thirty three years. It is an interdisciplinary journal which integrates publication...

Analog Integrated Circuits and Signal Processing

ISSN: 0925-1030

eISSN: 1573-1979

Analog Integrated Circuits and Signal Processing is an archival peer reviewed journal publishing research and tutorial papers on the design and applications of analog, radio frequency (RF) and mixed s...

Bulletin of Electrical Engineering and Informatics

ISSN: 2089-3191

eISSN: 2302-9285

Bulletin of Electrical Engineering and Informatics publishes original papers in the field of electrical, computer and informatics engineering which covers, but not limited to, the following scope:...

Canadian Journal of Electrical and Computer Engineering

ISSN: 0840-8688

IEEE CJECE publications covers all sub-disciplines of Electrical and Computer Engineering. This all-encompassing nature allows it to provide support for the wide variety of cutting-edge research and s...

CCF Transactions on High Performance Computing

ISSN: 2524-4922

eISSN: 2524-4930

CCF Transactions on High Performance Computing (CCF THPC) is dedicated to publishing rigorously peer-reviewed, high-quality articles covering all aspects of supercomputing and high performance computi...

Chip

ISSN: 2709-4723

eISSN: 2772-2724

Chip is an international journal that publishes innovative research in the emerging field of integrated chips that feature revolutionary information technology. Chip will bridge the boundaries between...

Computer Physics Communications

ISSN: 0010-4655

The focus of CPC is on contemporary computational methods and techniques and their implementation, the effectiveness of which will normally be evidenced by the author(s) within the context of a substa...

Computer Standards and Interfaces

ISSN: 0920-5489

The quality of software, well-defined interfaces (hardware and software), the process of digitalisation, and accepted standards in these fields are essential for building and exploiting complex comput...

Computer Technology Review

ISSN: 0278-9647

Information not localized

Computing and Informatics

ISSN: 1335-9150

eISSN: 2585-8807

Main Journal Topics: COMPUTER ARCHITECTURES AND NETWORKING PARALLEL AND DISTRIBUTED COMPUTING
THEORETICAL FOUNDATIONS SOFTWARE ENGINEERING KNOWLEDGE AND INFORMATION ENGINEERING Apart from t...

Cyber-Physical Systems

eISSN: 2333-5785

Cyber-Physical Systems is an international interdisciplinary journal dedicated to publishing the highest quality research in the rapidly-growing field of cyber-physical systems / Internet-of-Things. P...

Design Automation for Embedded Systems

ISSN: 0929-5585

eISSN: 1572-8080

Embedded (electronic) systems have become the electronic engines of modern consumer and industrial devices, from automobiles to satellites, from washing machines to high-definition TVs, and from cellu...

Digest of Papers - COMPCON - IEEE Computer Society International Conference

ISSN: 1063-6390

Information not localized

Digital Communications and Networks

ISSN: 2468-5925

eISSN: 2352-8648

Digital communications & Networks publishes quarterly in partnership with KeAi Publishing and Chongqing University of posts and Telecommunications, Chongqing, China. The journal publishes rigorously peer...

Digital Threats: Research and Practice

eISSN: 2576-5337

Digital Threats: Research and Practice (DTRAP) is a peer-reviewed Gold Open Access journal that targets the prevention, identification, mitigation, and elimination of digital threats. DTRAP aims to br...

Discover Internet of Things

eISSN: 2730-7239

Discover Internet of Things is part of the Discover journal series committed to providing a streamlined submission process, rapid review and publication, and a high level of author service at every st...

Display and Imaging

ISSN: 0918-5704

Displays

ISSN: 0141-9382

Displays is the international journal covering the research and development of display technology, its effective presentation and perception of information, and applications and systems including disp...

Distributed and Parallel Databases

ISSN: 0926-8782

eISSN: 1573-7578

Distributed and Parallel Databases publishes papers in all the traditional as well as most emerging areas of database research, including: Availability and reliability; Benchmarking and performance...

Distributed Computing

ISSN: 0178-2770

eISSN: 1432-0452

The international journal Distributed Computing provides a forum for original and significant contributions to the theory, design, specification and implementation of distributed systems. Topics cover...

EAI Endorsed Transactions on Internet of Things

eISSN: 2414-1399

The aim of the EAI Endorsed Transactions on Internet of Things (TloT) is to provide an ideal environment for crystallising original results and achievements in the Internet of Things domain. TloT scop...

EAI Endorsed Transactions on Scalable Information Systems

eISSN: 2032-9407

As the data volumes continue to increase and the ways of information dispersion across the globe continue to diversify, new scalable methods and structures are needed for efficiently processing those...

Electronics

ISSN: 0883-4989

Electronics (Switzerland)

eISSN: 2079-9292

Electronics (ISSN 2079-9292) is an international, peer-reviewed, open access journal on the science of electronics and its applications. It publishes reviews, research articles, short communications a...

Engineering Science and Technology, an International Journal

eISSN: 2215-0986

Engineering Science and Technology, an International Journal (JESTECH) (formerly Technology), a peer-reviewed quarterly engineering journal, publishes both theoretical and experimental high quality pa...

Engineering Simulation

ISSN: 1063-1100

Information not localized

Eurasip Journal on Advances in Signal Processing

ISSN: 1687-6172

eISSN: 1687-6180

The aim of the EURASIP Journal on Advances in Signal Processing is to highlight the theoretical and practical aspects of signal processing in new and emerging technologies. The journal is directed as...

Formal Methods in System Design

ISSN: 0925-9856

eISSN: 1572-8102

The focus of this journal is on formal methods for designing, implementing, and validating the correctness of hardware (VLSI) and software systems. The stimulus for starting a journal with this goal c...

Foundations and Trends in Electronic Design Automation

ISSN: 1551-3939

eISSN: 1551-3947

Foundations and Trends® in Electronic Design Automation publishes survey and tutorial articles on the following topics: -System Level Design- Behavioral Synthesis- Logic Design- Verification-...

Frontiers in ICT

eISSN: 2297-198X

Frontiers in ICT publishes rigorously peer-reviewed research encompassing fundamental aspects of computer science and social applications from algorithms, to quantum computing and software engineering...

Frontiers of Information Technology and Electronic Engineering

ISSN: 2095-9184

eISSN: 2095-9230

Frontiers of Information Technology & Electronic Engineering (ISSN 2095-9184, monthly), formerly known as Journal of Zhejiang University SCIENCE C (Computers & Electronics) (2010-2014), is an internat...

Fujitsu Scientific and Technical Journal

ISSN: 0016-2523

FSTJ is published by FUJITSU LIMITED to introduce the FUJITSU Group's research and development activities, cutting-edge technologies, products, and solution services.

Future Generation Computer Systems

ISSN: 0167-739X

Computing infrastructures and systems are rapidly developing and so are novel ways to map, control and execute scientific applications which become more and more complex and collaborative. Computation...

Genetic Programming and Evolvable Machines

ISSN: 1389-2576

eISSN: 1573-7632

The journal of Genetic Programming and Evolvable Machines is devoted to reporting innovative and significant progress in automatic evolution of software and hardware. Methods for artificial evolution...

Hewlett-Packard Journal

ISSN: 0018-1153

High-Confidence Computing

eISSN: 2667-2952

The High-Confidence Computing Journal is dedicated to publishing rigorously peer-reviewed, high-quality original articles covering fundamental research outcomes that fusion the three domains of secure...

HP Laboratories Technical Report

ISSN: 1368-6798

Information not localized

IACR Transactions on Cryptographic Hardware and Embedded Systems

eISSN: 2569-2925

Starting with CHES 2018, CHES is switching its publication model to an open-access journal/conference hybrid model. Articles can be submitted every three months and undergo a journal-style reviewing p...

ICT Express

eISSN: 2405-9595

The ICT Express journal published by the Korean Institute of Communications and Information Sciences (KICS) is an international, peer-reviewed research publication covering all aspects of information...

IEEE Canadian Journal of Electrical and Computer Engineering

eISSN: 2694-1783

IEEE CJECE publications covers all sub-disciplines of Electrical and Computer Engineering. This all-encompassing nature allows it to provide support for the wide variety of cutting-edge research and s...

IEEE Computer Architecture Letters

ISSN: 1556-6056

IEEE Computer Architecture Letters is a rigorously peer-reviewed forum for publishing early, high-impact results in the areas of uni- and multiprocessor computer systems, computer architecture, microa...

IEEE Design and Test

ISSN: 2168-2356

IEEE Design & Test offers original works describing the models, methods, and tools used to design and test microelectronic systems from devices and circuits to complete systems-on-chip and embedded so...

IEEE Distributed Systems Online

ISSN: 1541-4922

Cessation. Aims to promote awareness of developments, trends, activities, and editorial coverage in the distributed systems field. IEEE DS Online provides constantly updated, expert-moderated material...

IEEE Internet of Things Journal

eISSN: 2327-4662

The IEEE IoT Journal (IoT-J), launched in 2014, publishes papers on the latest advances, as well as review articles, on the various aspects of IoT. Topics include IoT system architecture, IoT enabling...

IEEE Internet of Things Magazine

ISSN: 2576-3180

eISSN: 2576-3199

The Internet of Things Magazine (IoTM) publishes peer-reviewed papers on end-to-end IoT solutions. IoTM papers are written by and for practitioners and researchers interested in practice and applicati...

IEEE Journal on Exploratory Solid-State Computational Devices and Circuits

eISSN: 2329-9231

The IEEE Journal on Exploratory Solid-State Computational Devices and Circuits (JXCDC) is designed for rapid publication of results across the areas of solid-state materials, devices, and circuits for...

IEEE Micro

ISSN: 0272-1732

IEEE Micro addresses users and designers of microprocessors and microprocessor systems, including managers, engineers, consultants, educators, and students involved with computers and peripherals, com...

IEEE Multimedia

ISSN: 1070-986X

The magazine contains technical information covering a broad range of issues in multimedia systems and applications. Articles discuss research as well as advanced practice in hardware/software and are...

IEEE Network

ISSN: 0890-8044

eISSN: 1558-156X

IEEE Network, published bimonthly, offers readers topics of interest to the networking community. As such, IEEE Network provides a focus for highlighting and discussing major computer communications i...

IEEE Networking Letters

eISSN: 2576-3156

IEEE Networking Letters publishes short papers in a rapid publication cycle on original research results derived from theoretical or experimental exploration of the area of communication/computer netw...

IEEE Transactions on Circuits and Systems

ISSN: 1549-8328

TCAS I publishes regular papers in the field specified by the theory, analysis, design, and practical implementations of circuits, and the application of circuit techniques to systems and to signal pr...

IEEE Transactions on Cloud Computing

eISSN: 2168-7161

The IEEE Transactions on Cloud Computing (TCC) is dedicated to the multidisciplinary field of cloud computing. It is committed to the publication of articles that present innovative research ideas, ap...

IEEE Transactions on Cognitive Communications and Networking

eISSN: 2332-7731

The IEEE Transactions on Cognitive Communications and Networking (TCCN) is committed to timely publishing of high-quality manuscripts that advance the state-of-the-art of cognitive communications and...

IEEE Transactions on Computers

ISSN: 0018-9340

The IEEE Transactions on Computers is a monthly publication with a wide distribution to researchers, developers, technical managers, and educators in the computer field. It publishes papers on research...

IEEE Transactions on Multi-Scale Computing Systems

eISSN: 2332-7766

Cessation. The IEEE Transactions on Multi-Scale Computing Systems (TMSCS) is a peer-reviewed publication devoted to computing systems that exploit multi-scale and multi-functionality. These systems con...

IEEE Transactions on Parallel and Distributed Systems

ISSN: 1045-9219

IEEE Transactions on Parallel and Distributed Systems (TPDS) is published monthly. It publishes a range of papers, comments on previously published papers, and survey articles that deal with the paral...

IEEE Transactions on Services Computing

eISSN: 1939-1374

IEEE Transactions on Services Computing emphasizes the algorithmic, mathematical, statistical and computational methods that are central in services computing; the emerging field of Service Oriented A...

IEEE Transactions on Sustainable Computing

eISSN: 2377-3782

The IEEE Transactions on Sustainable Computing (T-SUSC) is a peer-reviewed journal devoted to publishing high-quality papers that explore the different aspects of sustainable computing, over a wide ra...

IEEE Transactions on Very Large Scale Integration (VLSI) Systems

ISSN: 1063-8210

eISSN: 1557-9999

Design and realization of microelectronic systems using VLSI/ULSI technologies requires close collaboration among scientists and engineers in the fields of systems architecture, logic and circuit desi...

IEICE Transactions on Information and Systems

ISSN: 0916-8532

eISSN: 1745-1361

Published by The Institute of Electronics, Information and Communication Engineers Subject Area: Mathematics
Physics Biology, Life Sciences and Basic Medicine General Medicine, Social Medicine...

IET Collaborative Intelligent Manufacturing

eISSN: 2516-8398

Collaborative intelligent manufacturing finds its root in the need to develop efficient and adaptive production and distribution systems that can simultaneously meet the expectations of ever-changing...

IET Computers and Digital Techniques

ISSN: 1751-8601

eISSN: 1751-861X

IET Computers & Digital Techniques publishes technical papers describing recent research and development work in all aspects of digital system-on-chip design and test of electronic and embedded system...

IET Cyber-systems and Robotics

eISSN: 2631-6315

IET Cyber-Systems and Robotics is a gold Open Access journal that publishes novel research and original survey articles in the broad areas of cyber-systems and robotics, which emphasizes all kinds of...

Indonesian Journal of Electrical Engineering and Computer Science

ISSN: 2502-4752

eISSN: 2502-4760

The aim of Indonesian Journal of Electrical Engineering and Computer Science (formerly TELKOMNIKA Indonesian Journal of Electrical Engineering) is to publish high-quality articles dedicated to all asp...

Indonesian Journal of Electrical Engineering and Informatics

eISSN: 2089-3272

The journal publishes original papers in the field of electrical, computer and informatics engineering which covers, but not limited to, the following scope: Electronics: Electronic Materials, Micr...

Information Display

ISSN: 0362-0972

eISSN: 2637-496X

Information Display chronicles the developments in research and business that shape the display industry. It anticipates trends, tracks cutting-edge technological advances, and offers up-to-the-minute...

Information Fusion

ISSN: 1566-2535

eISSN: 1872-6305

The journal is intended to present within a single forum all of the developments in the field of multi-sensor, multi-source, multi-process information fusion and thereby promote the synergism among th...

Information Systems

ISSN: 0306-4379

Information systems are the software and hardware systems that support data-intensive applications. The journal Information Systems publishes articles concerning the design and implementation of langu...

Integration

ISSN: 0167-9260

Integration's aim is to cover every aspect of the VLSI area, with an emphasis on cross-fertilization between various fields of science, and the design, verification, test and applications of integrate...
