(PDF) List of Waste Management and Disposal Journals

Discover 80+ in waste management and disposal journals for 2025. Explore both paid and free options with detailed metrics, quartiles, impact factors, submission guidelines, and access types to elevate your research and publishing success.

Acta Technologica Agriculturae

ISSN: 1335-2555

eISSN: 1338-5267

ATA aims to advance the understanding of agricultural engineering by providing a platform for the publication of unique contributions in the field of agricultural engineering across a variety of topic...

Advanced Energy and Sustainability Research

eISSN: 2699-9412

Advanced Energy and Sustainability Research is the first dedicated open access journal featuring peer-reviewed high-quality research on energy harvesting, conversion, storage, distribution, applicatio...

Advances in Environmental Technology

ISSN: 2476-6674

eISSN: 2476-4779

Advances in Environmental Technology (AET) is an International, open access, peer review, interdisciplinary and free charge publication. This journal appears four times a year and covers all aspects a...

Advances in Science and Engineering Technology International Conferences, ASET

ISSN: 2831-6886

eISSN: 2831-6878

Annals of Agricultural and Environmental Medicine

ISSN: 1232-1966

eISSN: 1898-2263

All papers within the scope indicated by the following sections of the journal may be submitted: Biological agents posing occupational risk in agriculture, forestry, food industry and wood industry a...

Anthropocene Coasts

eISSN: 2561-4150

Anthropocene Coasts, an open access journal, publishes multidisciplinary research that aims to understand and predict the effects of human activities, including climate change, on estuarine and coasta...

ASEAN Journal on Science and Technology for Development

ISSN: 0217-5460

eISSN: 2224-9028

AJSTD aims to promote and accelerate the discovery and ASEAN-wide application of scientific and technological innovations, the consequence of which should be greater prosperity for the people of South...

Asia-Pacific Journal of Chemical Engineering

ISSN: 1932-2135

Asia-Pacific Journal of Chemical Engineering is aimed at capturing current developments and initiatives in chemical engineering related and specialised areas. Publishing six issues each year, the jour...

Atmospheric Pollution Research

ISSN: 1309-1042

Atmospheric Pollution Research (APR) is an international journal designed for the publication of articles on air pollution. Papers should present novel experimental results, theory and modeling of air...

Atom Indonesia

ISSN: 0126-1568

eISSN: 2356-5322

The focus of Atom Indonesia is research and development in nuclear science and technology. The scope of this journal covers experimental and analytical research in nuclear science and technology. The...

AWWA Water Science

eISSN: 2577-8161

AWS publishes research exploring theoretical, experimental, and practical approaches that advance fundamental understanding and application of all aspects of water works and any source water that coul...

Biofilms

ISSN: 1479-0505

eISSN: 1479-0513

Cessation. Biofilms are increasingly being recognised as the preferred mode of growth of microbes in a wide range of habitats. Biofilms have a large and varied role in human activities from being resp...

Biofuel Research Journal

eISSN: 2292-8782

â€¢ Biofuels: biodiesel, bioethanol, biobutanol, biogas, biofuels production, modeling and economics â€¢ Bioprocesses and bioproducts: bioreactions, biocatalysis, bioreactors, membrane-bioreactors,...

Biofuels

ISSN: 1759-7269

eISSN: 1759-7277

Current energy systems need a vast transformation to meet the key demands of the 21st century: reduced environmental impact, economic viability and efficiency. An essential part of this energy revolut...

Biomass (Switzerland)

eISSN: 2673-8783

Biomass covers all aspects of bioenergy, biorefining for materials and/or energy, and the circular use of biogenic carbon in the form of biomass. However, the journal does not cover such aspects as th...

Biomass and Bioenergy

ISSN: 0961-9534

eISSN: 1873-2909

Biomass & Bioenergy is an international journal publishing original research papers and short communications, review articles and case studies on biological resources, chemical and biological processe...

Bioresource Technology

ISSN: 0960-8524

eISSN: 1873-2976

Bioresource Technology publishes original articles, review articles, case studies and short communications on the fundamentals, applications and management of bioresource technology. The journal's aim...

Bioresource Technology Reports

eISSN: 2589-014X

Bioresource Technology Reports is an online-only rapid-publication journal focused on the fundamentals, applications and management of bioresource technology. Like its companion journal, Bioresource T...

BioResources

eISSN: 1930-2126

BioResources publishes research articles, review articles, and editorials on topics related to the science of cellulosic substances and their uses in such fields as composites, paper, engineered wood,...

Bulletin of the Tomsk Polytechnic University, Geo Assets Engineering

ISSN: 2500-1019

eISSN: 2413-1830

Bulletin of the Tomsk Polytechnic University. Geo Assets Engineering is peer-reviewed journal owned by Tomsk Polytechnic University. The journal was founded in 1903. The journal publishes research pap...

Chinese Journal of Environmental Engineering

ISSN: 1673-9108

The aim of the publication of "Chinese Journal of Environmental Engineering" is to promote the high level academic exchanges in environmental engineering field at home and abroad. The main c...

Circular Economy

ISSN: 2773-1685

eISSN: 2773-1677

'Circular Economy' refers to all the activities of reduce, reuse, and recycle in production, circulation, and consumption. As an important route to achieving a resource-saving and environmental friend...

Cleaner Materials

eISSN: 2772-3976

Cleaner Materials (ISSN: 2772-3976) is an international, cross-disciplinary companion journal to Journal of Cleaner Production that publishes original full-length research articles, short communicatio...

Cleaner Production Letters

eISSN: 2666-7916

Cleaner Production Letters (CLPL, ISSN: 2666-7916) is an international, inter-, multi- and transdisciplinary journal focusing on Cleaner Production, Environmental, and Sustainability research and prac...

Cleaner Waste Systems

eISSN: 2772-9125

Cleaner Waste Systems focuses on strategies that can foster waste prevention, optimize management, promote recirculation of matter and energy, and facilitate transition from linear approach to circula...

Compost Science and Utilization

ISSN: 1065-657X

eISSN: 2326-2397

Compost Science & Utilization is a quarterly peer-reviewed journal that reports on advancements and breakthroughs in the science and engineering of compost production, compost product quality, and the...

Critical Reviews in Environmental Science and Technology

ISSN: 1064-3389

eISSN: 1547-6537

Understanding and assessing the myriad environmental problems that face society today and devising rational strategies and methods for their control are two of the major international challenges of ou...

Current Opinion in Green and Sustainable Chemistry

ISSN: 2452-2236

The Current Opinion journals were developed out of the recognition that it is increasingly difficult for specialists to keep up to date with the expanding volume of information published in their subj...

Current Pollution Reports

eISSN: 2198-6592

Current Pollution Reports provides in-depth review articles contributed by international experts on the most significant developments in the field. By presenting clear, insightful, balanced reviews th...

Detritus

ISSN: 2611-4127

eISSN: 2611-4135

Detritus is a multidisciplinary, peer-reviewed journal which publishes papers on waste resources, residue management and engineering, also with a focus on social needs and developments. The journal we...

Discover Environment

eISSN: 2731-9431

Emergent Materials

ISSN: 2522-5731

eISSN: 2522-574X

Emergent Materials is a multidisciplinary peer-reviewed journal, which publishes reviews, mini reviews, communications, progress reports, research news and original research articles at the forefront...

Energy and Environmental Materials

ISSN: 2575-0348

eISSN: 2575-0356

The journal scope is intentionally broad. The journal recognizes the complexity of issues and challenges related to energy and environmental materials, and, therefore, particularly welcomes experiment...

Engenharia Sanitaria e Ambiental

ISSN: 1413-4152

Information not localized

Environment and Natural Resources Journal

ISSN: 1686-5456

eISSN: 2408-2384

The Environment and Natural Resources Journal is a peer-reviewed journal, which provides insight scientific knowledge into the diverse dimensions of integrated environmental and natural resource manag...

Environment Protection Engineering

ISSN: 0324-8828

eISSN: 2450-260X

Water purification, wastewater treatment, water reuse, solid waste disposal, gas emission abatement, systems of water and air pollution control, soil remediation.

Environmental and Waste Management

ISSN: 1460-5147

Information not localized

Environmental Challenges

eISSN: 2667-0100

Environmental Challenges, a companion journal of Journal of Environmental Management, is an international journal designed for the publication of original research findings and review articles in new...

Environmental Engineering Science

ISSN: 1092-8758

eISSN: 1557-9018

Environmental Engineering Science explores innovative solutions to problems in air, water, and land contamination and waste disposal, with coverage of climate change, environmental risk assessment and...

Environmental Forensics

ISSN: 1527-5922

eISSN: 1527-5930

Environmental Forensics provides a forum for scientific investigations that address environment contamination, its sources, and the historical reconstruction of its release into the environment. The c...

Environmental Geotechnics

eISSN: 2051-803X

In 21st century living, engineers and researchers need to deal with growing problems related to climate change, oil and water storage, handling, storage and disposal of toxic and hazardous wastes, rem...

Environmental Nanotechnology, Monitoring and Management

eISSN: 2215-1532

Environmental Nanotechnology, Monitoring and Management is a journal devoted to the publication of peer reviewed original research on environmental nanotechnologies, monitoring studies and management...

Environmental Progress and Sustainable Energy

ISSN: 1944-7442

eISSN: 1944-7450

Environmental Progress & Sustainable Energy is a bimonthly publication of the American Institute of Chemical Engineers reporting on critical issues of the environment, including remediation and treatm...

Environmental Quality Management

ISSN: 1088-1913

eISSN: 1520-6483

Environmental Quality Management's focus is on theories, applications, and social systems of resource recovery and concentrate management for a sustainable future. The Journal welcomes manuscripts o...

Environmental Research and Technology

eISSN: 2636-8498

Environmental Research & Technology provides an Open Access platform to publish the latest contributions in the field of environmental engineering. The journal has an interdisciplinary and multination...

Environmental Research, Engineering and Management

ISSN: 1392-1649

eISSN: 2029-2139

First published in 1995, the journal Environmental Research, Engineering and Management (EREM) is an international multidisciplinary journal designed to serve as a roadmap for understanding complex is...

Environmental Resources Research

ISSN: 2783-4832

eISSN: 2783-4670

Environmental Resources Research covers all areas related to the study of natural and man-made environments in general and disciplines within natural resources management such as watershed management,...

Environmental Sanitation Engineering

ISSN: 1005-8206

The journal mainly reports the research results of environmental sanitation engineering (especially solid waste) and its related fields, while it also reports basic theoretical research, engineering t...

Environmental Science and Technology Letters

eISSN: 2328-8930

Published as soon as accepted and summarized in monthly issues, Environmental Science & Technology Letters is an international forum for brief communications on experimental or theoretical results of...

Environmental Technology (United Kingdom)

ISSN: 0959-3330

eISSN: 1479-487X

Environmental Technology is a leading journal for the rapid publication of science and technology papers on a wide range of topics in applied environmental studies, from environmental engineering to...

Environmental Technology Reviews

ISSN: 2162-2515

eISSN: 2162-2523

Environmental Technology Reviews provides comprehensive, critical and timely reviews of important research in the field of applied environmental studies, including: environmental engineering; env...

Fresenius Environmental Bulletin

ISSN: 1018-4619

We edit and proofread academic and research work such as thesis, dissertations, manuscripts, conference proceedings, essays, coursework, letters in the field of agricultural sciences, bio-sciences, me...

GCB Bioenergy

ISSN: 1757-1693

eISSN: 1757-1707

GCB Bioenergy is an international journal publishing original research papers, review articles and commentaries that promote understanding of the interface between biological and environmental science...

GeoHealth

eISSN: 2471-1403

GeoHealth provides a collaborative home for disseminating and advancing interdisciplinary research that highlights issues at the intersection of the Earth and environmental sciences and health science...

Geosystem Engineering

ISSN: 1226-9328

eISSN: 2166-3394

Geosystem Engineering comprehensively covers new developments in the field of mineral and energy resources engineering specially focusing on oil and natural gas exploration, analytical and economical...

Global Journal of Environmental Science and Management

ISSN: 2383-3572

eISSN: 2383-3866

A broad outline of the Global Journal of Environmental Science and Management scope includes; peer reviewed original research papers, case studies, technical reports, research reviews, short communica...

Heythrop Journal – Quarterly Review of Philosophy and Theology

ISSN: 0018-1196

Founded on the conviction that the disciplines of theology and philosophy have much to gain from their mutual interaction, The Heythrop Journal provides a medium of publication for scholars in each of...

Highlights of Sustainability

eISSN: 2696-628X

Highlights of Sustainability is an international, transdisciplinary journal focusing on environmental, economic, social as well as cultural, technological, and political fields about sustainability an...

Holistic Approach to Environment

eISSN: 1848-0071

The journal "The Holistic Approach to Environment" (ISSN 1848-0071; UDC 5+6+17=111) is an open access peer-reviewed scientific journal that publishes original scientific papers, preliminary notes,...

Hydrology

eISSN: 2306-5338

Hydrology (ISSN 2306-5338) is an international, multi/interdisciplinary open access and peer-reviewed journal that focuses on hydrological sciences. The journal encompasses all aspects of hydrology: g...

Indonesian Journal of Urban and Environmental Technology

ISSN: 2579-9150

eISSN: 2579-9207

Environmental problems, especially in urban areas, which are increasingly complex, require comprehensive solutions from various parties. Environmentalists, lecturers, researchers, engineers, students,...

International Biodeterioration and Biodegradation

ISSN: 0964-8305

International Biodeterioration and Biodegradation publishes original research papers and reviews on the biological causes of deterioration or degradation. "The causes may be macro" or microbio...

International Journal of Environment and Pollution

ISSN: 0957-4352

eISSN: 1741-5101

IJEP provides an international forum in the field of environment and pollution and addresses early and medium-term challenges involving scientific prediction, modelling and assessment. It focuses on g...

International Journal of Environment and Waste Management

ISSN: 1478-9876

eISSN: 1478-9868

IJEWM is a refereed reference and authoritative source of information in the field of environmental and waste management Together with its sister publications IJEP, IJETM and IJEnvl, it provides a co...

International Journal of Environmental Analytical Chemistry

ISSN: 0306-7319

eISSN: 1029-0397

International Journal of Environmental Analytical Chemistry comprises original research on all aspects of analytical work related to environmental problems. This includes analysis of organic, inorgani...

International Journal of Environmental Studies

ISSN: 0020-7233

eISSN: 1029-0400

For more than 45 years, the International Journal of Environmental Studies has been pre-eminent in its field. The environment is understood to comprise the natural and the man-made, and their interact...

International Journal of Human Capital in Urban Management

ISSN: 2476-4698

eISSN: 2476-4701

Topics of interest include but are not limited to the following scopes: • Human Capital in Urban Management • Urban architecture, design, development and planning • Urban communications and s...

International Journal of Hydrology Science and Technology

ISSN: 2042-7808

eISSN: 2042-7816

IJHST is a peer-reviewed international journal covering research and practical studies on hydrological science, technology, water resources and related topics including water, air and soil pollution a...

International Journal of Recycling of Organic Waste in Agriculture

ISSN: 2195-3228

eISSN: 2251-7715

Information not localized

International Journal of Regulation and Governance

ISSN: 0972-4907

A biannual publication, IJRG (International Journal of Regulation and Governance) is aimed at decision-makers, planners, consultants, corporate executives, and researchers. The journal provides a foru...

JNMM, Journal of the Institute of Nuclear Materials Management

ISSN: 0893-6188

The Journal of Nuclear Materials Management (JNMM) is the official journal of the Institute of Nuclear Materials Management. JNMM is a peer-reviewed, multidisciplinary journal that publishes articles...

Journal of Applied Research in Water and Wastewater

eISSN: 2476-6283

The Journal of Applied Research in Water and Wastewater (JARWW) publishes refereed, original research papers on all aspects of the technology of water and wastewater worldwide. A broad outline of the...

Journal of Chemical Technology and Biotechnology

ISSN: 0268-2575

eISSN: 1097-4660

Journal of Chemical Technology and Biotechnology (JCTB) is an international, inter-disciplinary peer-reviewed journal concerned with the application of scientific discoveries and advancements in chemi...

Journal of CO2 Utilization

ISSN: 2212-9820

The Journal of CO2 Utilization offers a single, multi-disciplinary, scholarly platform for the exchange of novel research in the field of CO2 re-use for scientists and engineers in chemicals, fuels an...

Journal of Energy Engineering

ISSN: 0733-9402

eISSN: 1943-7897

The Journal of Energy Engineering reports on the scientific and engineering knowledge in the planning, development, management, and finances of energy-related programs. The journal is dedicated to civ...

Journal of Environmental Chemical Engineering

ISSN: 2213-2929

eISSN: 2213-3437

The Journal of Environmental Chemical Engineering provides a forum for the publication of original research on the development of sustainable technologies focusing on water and wastewater treatment an...

Journal of Environmental Engineering Technology

ISSN: 1674-991X

Main columns reported in Journal of Environmental Engineering Technology: Water pollution control technology and recycling use, air pollution control technology and clean energy use and rural environm...

Journal of Environmental Health and Sustainable Development

ISSN: 2476-6267

eISSN: 2476-7433

Journal of Environmental Health and Sustainable Development is an international journal for the publication of peer reviewed and original research for all aspects of environmental health and sustainab...

Journal of Environmental Health Science and Engineering

eISSN: 2052-336X

Journal of Environmental Health Science & Engineering is a peer-reviewed journal presenting timely research on all aspects of environmental health science, engineering and management. A broad outline...

Journal of Environmental Informatics Letters

ISSN: 2663-6859

eISSN: 2663-6867

Journal of Environmental Informatics Letters (JEIL) is an international, peer-reviewed, and interdisciplinary publication designed to foster research innovation and discovery on basic science and info...
