(PDF) List of Aerospace Engineering Journals

Discover 100+ in aerospace engineering journals for 2025. Explore both paid and free options with detailed metrics, quartiles, impact factors, submission guidelines, and access types to elevate your research and publishing success.

Advances in Military Technology

ISSN: 1802-2308

eISSN: 2533-4123

AiMT is a peer reviewed journal that provides insight into theoretical considerations and practical innovations in military and security technology. The journal covers a broad spectrum of interests in...

Drones

eISSN: 2504-446X

Drones (ISSN 2504-446X) is an international, peer-reviewed, open access journal published monthly online. The journal focuses on design and applications of drones, including unmanned aerial vehicle (U...

Aerospace Science and Technology

ISSN: 1270-9638

Aerospace Science and Technology publishes articles of outstanding scientific quality. Each article is reviewed by two referees. The journal welcomes papers from a wide range of countries. This journa...

CEAS Aeronautical Journal

ISSN: 1869-5582

eISSN: 1869-5590

The CEAS Aeronautical Journal has been created under the umbrella of CEAS to provide an appropriate platform for excellent scientific publications submitted by scientists and engineers. The German Aer...

IEEE Transactions on Vehicular Technology

ISSN: 0018-9545

eISSN: 1939-9359

The scope of the Transactions is threefold (which was approved by the IEEE Periodicals Committee in 1967) and is published on the journal website as follows: Communications: The use of mobile radio on...

Advances in Space Research

ISSN: 0273-1177

eISSN: 1879-1948

The COSPAR publication Advances in Space Research (ASR) is an open journal covering all areas of space research including: space studies of the Earth's surface, meteorology, climate, the Earth-Moon sy...

Journal of Guidance, Control, and Dynamics

ISSN: 0731-5090

eISSN: 1533-3884

This Journal is devoted to the advancement of the science and technology of guidance, control, and dynamics through the dissemination of original archival papers disclosing significant technical knowl...

Cosmic Research

ISSN: 0010-9525

eISSN: 1608-3075

Cosmic Research publishes scientific papers covering all subjects of space science and technology, including the following: ballistics, flight dynamics of the Earth's artificial satellites and automa...

Advances in Aerodynamics

ISSN: 2097-3462

eISSN: 2524-6992

Advances in Aerodynamics (AIA) is aimed to report the scientific and technological advances in aerodynamics from the aspects of academic research, industrial development, and engineering applications;...

Engineering Failure Analysis

ISSN: 1350-6307

Engineering Failure Analysis publishes research papers describing the analysis of engineering failures and related studies. Papers relating to the structure, properties and behaviour of engineering ma...

JVC/Journal of Vibration and Control

ISSN: 1077-5463

eISSN: 1741-2986

The Journal of Vibration and Control is a peer-reviewed journal of analytical, computational and experimental studies of vibration phenomena and their control. The Journal of Vibration and Control is...

Acta Astronautica

ISSN: 0094-5765

Acta Astronautica is sponsored by the International Academy of Astronautics. Content is based on original contributions in all fields of basic, engineering, life and social space sciences and of space...

Chinese Journal of Aeronautics

ISSN: 1000-9361

Chinese Journal of Aeronautics (CJA) is an open access, peer-reviewed international journal covering all aspects of aerospace engineering. The Journal reports the scientific and technological achievements...

Experimental Thermal and Fluid Science

ISSN: 0894-1777

Experimental Thermal and Fluid Science provides a forum for research emphasizing experimental work that enhances fundamental understanding of heat transfer, thermodynamics, and fluid mechanics. In addition...

International Journal of Robust and Nonlinear Control

ISSN: 1049-8923

eISSN: 1099-1239

Papers that do not include an element of robust or nonlinear control and estimation theory will not be considered by the journal, and all papers will be expected to include significant novel content....

Journal of Spacecraft and Rockets

ISSN: 0022-4650

eISSN: 1533-6794

This Journal, that started it all back in 1963, is devoted to the advancement of the science and technology of astronautics and aeronautics through the dissemination of original archival research papers...

Drone Systems and Applications

eISSN: 2564-4939

Drone Systems and Applications (formerly the Journal of Unmanned Vehicle Systems) is an electronic-only, open-access, peer-reviewed journal that features research related to the rapidly emerging inter...

IEEE Transactions on Aerospace and Electronic Systems

ISSN: 0018-9251

IEEE Transactions on Aerospace and Electronic Systems focuses on the organization, design, development, integration, and operation of complex systems for space, air, ocean, or ground environment. These...

International Journal of Industrial Organization

ISSN: 0167-7187

The IJO is an international venture that aims at full coverage of theoretical and empirical questions in industrial organization. This includes classic questions of strategic behavior and market structure...

Journal of Space Safety Engineering

ISSN: 2468-8975

eISSN: 2468-8967

The Journal of Space Safety Engineering (JSSE) is a quarterly publication of the International Association for the Advancement of Space Safety (IAASS). The JSSE is published using an open access publi...

SINAI International Scientific Journal

ISSN: 3009-6324

eISSN: 3009-7800

SINAI International Scientific Journal, SISJ is an international open-access journal that publishes multidisciplinary research. The editors' primary goal is to maintain a high quality of publications...

Mechanics Based Design of Structures and Machines

ISSN: 1539-7734

eISSN: 1539-7742

Emphasizing contemporary research of immediate and potential application to mechanical, civil, aerospace, and automotive engineering as well as naval architecture, Mechanics Based Design of Structures...

Noise Control Engineering Journal

ISSN: 0736-2501

eISSN: 2168-8710

NCEJ is the pre-eminent academic journal of noise control. It is the International Journal of the Institute of Noise Control Engineering of the USA. It is also produced with the participation and assi...

Advances in Astronautics Science and Technology

ISSN: 2524-5252

eISSN: 2524-5260

The purpose of Advances in Astronautics is to rapidly report and spread the latest technical results, new scientific discoveries and valuable applied researches in the fields concerning aerospace as w...

Aeronautical Journal

ISSN: 0001-9240

eISSN: 2059-6464

The aims and scope of The Aeronautical Journal reflect the objectives of the Royal Aeronautical Society as expressed in its Charter of Incorporation: to encourage and foster the advancement of all asp...

AIAA Journal

ISSN: 0001-1452

eISSN: 1533-385X

This Journal is devoted to the advancement of the science and technology of astronautics and aeronautics through the dissemination of original archival research papers disclosing new theoretical devel...

European Accounting Review

ISSN: 0963-8180

eISSN: 1468-4497

European Accounting Review (EAR) is an international scholarly journal of the European Accounting Association (EAA). Devoted to the advancement of accounting knowledge, EAR provides a forum for the...

International Journal of Aeronautical and Space Sciences

ISSN: 2093-274X

eISSN: 2093-2480

The International Journal of Aeronautical and Space Sciences (IJASS) encourages submission of papers addressing all aspects of aerospace science and technology, which include acoustics, aerodynamics a...

International Journal of Design Creativity and Innovation

ISSN: 2165-0349

eISSN: 2165-0357

The International Journal of Design Creativity and Innovation is an international publication that provides a forum for discussing the nature and potential of creativity and innovation in design from...

International Journal of Numerical Methods for Heat and Fluid Flow

ISSN: 0961-5539

The main objective of this international journal is to provide applied mathematicians, engineers and scientists engaged in computer-aided design and research in computational heat transfer and fluid d...

Jurnal Pendidikan Teknik Mesin

eISSN: 2503-1759

This journal serves as a premier platform for disseminating cutting-edge research, innovative practices, and insightful perspectives at the intersection of Mechanical Engineering Education and the bro...

Frontiers in Detector Science and Technology

eISSN: 2813-8031

Frontiers in Detector Science and Technology is a journal focusing on the significance of detector science and its multidisciplinary applications. From particle discoveries that defined and completed...

Zhendong Gongcheng Xuebao/Journal of Vibration Engineering

ISSN: 1004-4523

Journal of Vibration Engineering is a national core journal sponsored by the Chinese Society of Vibration Engineering, supervised by the China Association for Science and Technology, and hosted by Nan...

Advances in Aircraft and Spacecraft Science

ISSN: 2287-528X

eISSN: 2287-5271

The "Advances in Aircraft and Spacecraft Science" aims at the valuable source of information and excellent publication channel for the global community of aeronautics and space vehicles. The journal p...

Computer Aided Geometric Design

ISSN: 0167-8396

The journal Computer Aided Geometric Design is for researchers, scholars, and software developers dealing with mathematical and computational methods for the description of geometric objects as they a...

International Journal of Computer Integrated Manufacturing

ISSN: 0951-192X

eISSN: 1362-3052

International Journal of Computer Integrated Manufacturing (IJCIM) reports new research in theory and applications of computer integrated manufacturing. The scope spans mechanical and manufacturing en...

International Journal of Reliability, Quality and Safety Engineering

ISSN: 0218-5393

eISSN: 1793-6446

IJRQSE is a refereed journal focusing on both the theoretical and practical aspects of reliability, quality, and safety in engineering. The journal is intended to cover a broad spectrum of issues in m...

Journal of Air Transportation

eISSN: 2380-9450

This journal is devoted to the dissemination of original archival papers describing new developments in air traffic management and aviation operations of all flight vehicles, including unmanned aerial...

Scandinavian Economic History Review

ISSN: 0358-5522

eISSN: 1750-2837

The Scandinavian Economic History Review has been published since 1953 by the Scandinavian Society for Economic and Social History. The journal publishes articles and reviews in the fields of economic...

Astrodynamics

eISSN: 2522-0098

Astrodynamics is a peer-reviewed international journal that is co-published by Tsinghua University Press and Springer. The high-quality peer-reviewed articles of original research, comprehensive review...

Guidance, Navigation and Control

ISSN: 2737-4807

eISSN: 2737-4920

Guidance, Navigation and Control (GNC) will report on advances in the understanding and utilization of guidance, navigation and control theories, technologies and systems. The journal serves as a platform...

IEEE Aerospace and Electronic Systems Magazine

ISSN: 0885-8985

IEEE Aerospace and Electronic Systems Magazine is a monthly magazine that publishes articles concerned with the various aspects of systems for space, air, ocean, or ground environments as well as news...

International Journal of Computational Fluid Dynamics

ISSN: 1061-8562

eISSN: 1029-0257

The International Journal of Computational Fluid Dynamics publishes innovative CFD research, both fundamental and applied, with applications in a wide variety of fields. The Journal emphasizes accuracy...

International Journal of Engine Research

ISSN: 1468-0874

eISSN: 2041-3149

The International Journal of Engine Research publishes only the highest quality original and review papers on experimental and analytical studies of engine technology. The journal is intended to serve...

International Journal of Impact Engineering

ISSN: 0734-743X

The International Journal of Impact Engineering, established in 1983 publishes original research findings related to the response of structures, components and materials subjected to impact, blast and...

International Journal of Turbomachinery, Propulsion and Power

eISSN: 2504-186X

The IJTTP has been conceived as an interdisciplinary dissemination tool, although the core of the journal remains the design, the analysis, the modeling and the testing of turbomachinery and turbomachinery...

Journal of Advanced Research in Numerical Heat Transfer

eISSN: 2735-0142

Journal of Advanced Research in Numerical Heat Transfer (ARNHT) provides a worldwide platform for researchers, engineers, scientists and mathematicians to disseminate novel ideas, share preliminary fi...

Journal of Aerospace Engineering

ISSN: 0893-1321

The Journal of Aerospace Engineering promotes the implementation and development of space and aerospace technologies and their transfer to other civil engineering applications. Topics of interest incl...

Journal of the Astronautical Sciences

ISSN: 0021-9142

eISSN: 2195-0571

The Journal of the Astronautical Sciences was founded in 1954 as an archival publication devoted to the science and technology of astronautics. Articles are published which present significant new res...

Journal of the Global Power and Propulsion Society

eISSN: 2515-3080

This is an open access journal, is devoted to the advancement of the science and technology of power generation and propulsion systems through the dissemination of original archival papers contributin...

Journal of Thermophysics and Heat Transfer

ISSN: 0887-8722

eISSN: 1533-6808

This Journal is devoted to the advancement of the science and technology of thermophysics and heat transfer through the dissemination of original research papers disclosing new technical knowledge and...

Frontiers in Coatings, Dyes and Interface Engineering

eISSN: 2813-6861

Frontiers in Coatings, Dyes and Interface Engineering is a multidisciplinary journal that focuses on the latest research in coatings, dyes, pigments, and interface engineering. Led by Field Chief Edit...

Russian Aeronautics

ISSN: 1068-7998

eISSN: 1934-7901

Russian Aeronautics is a journal that publishes articles on fundamental research, application, and developments in the field of aeronautical, space, rocket science and engineering that are carried out...

Aerospace Engineering and Manufacturing

ISSN: 1937-5212

Information not localized

Aerospace Systems

eISSN: 2523-3955

Aerospace Systems provides an international, peer-reviewed forum which focuses on system-level research and development regarding aeronautics and astronautics. The journal emphasizes the unique role a...

Aircraft Engineering and Aerospace Technology

ISSN: 1748-8842

eISSN: 1758-4213

Aircraft Engineering and Aerospace Technology provides a broad coverage of the materials and techniques employed in the aircraft and aerospace industry. Its international perspectives allow readers to...

Experimental Mechanics

ISSN: 0014-4851

eISSN: 1741-2765

Experimental Mechanics is the official journal of the Society for Experimental Mechanics that publishes papers in all areas of experimentation including its theoretical and computational analysis. The...

Guti Huojian Jishu/Journal of Solid Rocket Technology

ISSN: 1006-2793

Information not localized

International Journal of Mechanical Sciences

ISSN: 0020-7403

The International Journal of Mechanical Sciences (IJMS) is an international forum for the publication and dissemination of original work which contributes to greater scientific understanding of the ma...

Journal of Electric Propulsion

eISSN: 2731-4596

Electric propulsion is a rapidly evolving area with wide applications to spacecraft, satellites, and probes. The Journal of Electric Propulsion aims to fill a gap in the current literature, with cover...

Journal of Spacecraft Technology

ISSN: 0971-1600

Information not localized

Journal of the American Helicopter Society

ISSN: 0002-8711

The Journal of the American Helicopter Society is a peer-reviewed technical journal published quarterly (January, April, July and October) by AHS — The Vertical Flight Society. It is the world's only...

Journal of the Institution of Engineers (India): Aerospace Engineering Journal

ISSN: 0257-3423

Information not localized

Journal of the Korean Society for Aeronautical and Space Sciences

ISSN: 1225-1348

eISSN: 2287-6871

This journal is a monthly publication of the Korean Society for Aeronautical and Space Sciences (KSAS). This multi-disciplinary journal aims to enhance and foster the sciences and technologies on aeron...

Information and Telecommunication Sciences

ISSN: 2312-4121

eISSN: 2411-2976

Information and Telecommunication Sciences is an international peer-reviewed journal that aims to publish original research articles and reviews. Journal covers urgent theoretical and practical proble...

Shuili Shuiyun Gongcheng Xuebao

ISSN: 1009-640X

The journal publishes original research papers, review articles, and short communications on the theory, experiment, and engineering of water resources and hydroelectric engineering. It aims to provid...

APL Electronic Devices

eISSN: 2995-8423

APL Electronic Devices publishes research related to the broad and interdisciplinary topic of electronic devices. As a journal that seeks to bridge multiple communities ? theory/modeling, experimental...

Frontiers in Antennas and Propagation

eISSN: 2813-4680

Frontiers in Antennas and Propagation is a multidisciplinary journal that focuses on the research and development of antennas, propagation, wireless communications, and non-contact systems. Led by Fie...

Aerospace Engineering

ISSN: 0736-2536

Information not localized

AIAA Student Journal

ISSN: 0001-1460

AIAA's journals are the best resource for students and professionals who want to stay current on the latest aerospace research and development. Reporting on the most important aerospace advances, AIAA...

Air Force Magazine

ISSN: 0730-6784

Air Force Magazine is the official publication of the Air Force Association.

Annals of Solid and Structural Mechanics

ISSN: 1867-6936

eISSN: 1867-6944

The international journal Annals of Solid and Structural Mechanics provides a forum to communicate recent and creative advances dealing with any aspect of mechanics of materials and structures. The jo...

Aviation

ISSN: 1648-7788

eISSN: 1822-4180

The journal Aviation is aimed at all researchers looking for information about the aviation from history to technology. It publishes papers in the following fields of research: -Aerostructures- Ai...

Chinese Journal of Space Science

ISSN: 0254-6124

Chinese Journal of Space Science (CJSS) is an authoritative scholarly journal in the field of space science under the auspices of Chinese Society of Space Research and sponsored by the National Space...

Hangkong Taikong ji Minhang Xuekan/Journal of Aeronautics, Astronautics and Aviation, Series B

ISSN: 1990-7729

Information not localized

International Journal of Aeroacoustics

ISSN: 1475-472X

eISSN: 2048-4003

International Journal of Aeroacoustics is a peer-reviewed journal publishing developments in all areas of fundamental and applied aeroacoustics. Fundamental topics include advances in understanding ae...

International Journal of Aerospace Engineering

ISSN: 1687-5966

eISSN: 1687-5974

International Journal of Aerospace Engineering aims to serve the international aerospace engineering community through dissemination of scientific knowledge on practical engineering and design methodo...

International Journal of Intelligent Transportation Systems Research

ISSN: 1348-8503

eISSN: 1868-8659

This journal is the only transportation journal to report on multi-disciplinary research efforts with the goal to discover solutions to difficult issues in the field. It provides a platform to bring t...

International Journal of Turbo and Jet Engines

ISSN: 0334-0082

eISSN: 2191-0332

The Main aim and scope of this Journal is to help improve each separate components R&D and superimpose separated results to get integrated systems by striving to reach the overall advanced design and...

Journal of Engineering for Gas Turbines and Power

ISSN: 0742-4795

eISSN: 1528-8919

The ASME Journal of Engineering for Gas Turbines and Power publishes archival-quality papers in the areas of gas and steam turbine technology, nuclear engineering, internal combustion engines, and fos...

Journal of The Institution of Engineers (India): Series C

ISSN: 2250-0545

eISSN: 2250-0553

This series aims to cover the research findings and latest developments in the arena of mechanical sciences covering mechanical, production, aerospace and marine engineering. This includes high valued...

Mathematics in Engineering, Science and Aerospace

ISSN: 2041-3165

eISSN: 2041-3173

Information not localized

Navigation, Journal of the Institute of Navigation

ISSN: 0028-1522

eISSN: 2161-4296

NAVIGATION is a quarterly journal published by The Institute of Navigation. The journal publishes original, peer-reviewed articles on all areas related to the science, engineering and art of Positioni...

Pacific Economic Review

ISSN: 1361-374X

eISSN: 1468-0106

The journal, inaugurated in 1994 and publishing five times a year since 2007, is of interest to academics, policy-makers, and corporate economists. The journal is the official publication of the Hong...

Periodica Polytechnica Transportation Engineering

ISSN: 0303-7800

eISSN: 1587-3811

The main scope of the journal is to publish original research articles in the wide field of transportation, logistics and vehicle engineering, e.g. in the field of modeling and measuring complex syste...

Probabilistic Engineering Mechanics

ISSN: 0266-8920

eISSN: 1878-4275

This journal provides a forum for scholarly work dealing primarily with probabilistic and statistical approaches to contemporary solid/structural and fluid mechanics problems encountered in diverse te...

Proceedings of the Institution of Mechanical Engineers, Part D: Journal of Automobile Engineering

ISSN: 0954-4070

eISSN: 2041-2991

The Journal of Automobile Engineering is the leading peer-reviewed international Journal serving the multidisciplinary automotive industry. The Journal reflects the continual development and changing...

Progress in Aerospace Sciences

ISSN: 0376-0421

Progress in Aerospace Sciences is an international review journal designed to be of broad interest and use to all those concerned with research in aerospace sciences and their applications in research...

Promet – Traffic and Transportation

ISSN: 0353–5320

The journal Promet – Traffic&Transportation is an internationally indexed scientific journal, published by the Faculty of Transport and Traffic Sciences, University of Zagreb. The mission of the journal...

International Journal of Traditional and Complementary Medicine Research

eISSN: 2717–7491

Džurđevac University Journal of Technical Sciences was established to ensure the publication of original research in the field of engineering and technical sciences. The journal promotes knowledge sharing...

Disaster in Civil Engineering and Architecture

eISSN: 3089–722X

The Disaster in Civil Engineering and Architecture Journal welcomes submissions that are scientifically rigorous, technically accurate, and contribute valuable new knowledge to researchers, engineers,...

Journal of Science, Engineering and Technology

eISSN: 1816–8752

The aims and scopes of the journal are (not limited to): Natural and Applied Sciences, Engineering Disciplines, Information and Communication Technology, Renewable Energy and Sustainability, Mathematics...

Proceedings of: Tagung Zukünftige Stromnetze – Future Power Grids Conference

eISSN: 2942–8262

The Proceedings of: Tagung Zukünftige Stromnetze | Future Power Grids Conference cover the proceedings of the Tagung Zukünftige Stromnetze | Future Power Grids Conference taking place annually in Berlin...

Journal Presumption of Law

eISSN: 2656–7725

Ventil

ISSN: 1318–7279

eISSN: 2630–4090

Ventil is a scientific as well as a professional magazine, publishing the results of research-and-development work at universities, institutes and companies on fluid power, automation and mechatronics.

Revista Ingenierías Universidad de Medellín

ISSN: 1692–3324

eISSN: 2248–4094

Revista Ingenierías Universidad de Medellín is a multidisciplinary publication in the field of engineering. The journal disseminates research results that contribute to regional and global development...

FlexMat

ISSN: 2836-9092

eISSN: 2836-9106

FlexMat will address the growing scientific interest in advanced and emerging materials with unique electronic, photonic, optoelectronic, ionotronic, and magnetic properties, and their applications in...

Satellite Navigation

ISSN: 2662-9291

eISSN: 2662-1363

Satellite Navigation aims to report innovative ideas, new results or progress on the theoretical techniques and applications of satellite navigation. The journal welcomes original articles, reviews an...

Space Science and Technology

ISSN: 1561-8889

eISSN: 2518-1459

The Journal is intended for professionals in space science and technology, to those who uses space technologies for various applications, as well as for the foreign readers who want to get acquainted...

Space: Science and Technology (United States)

eISSN: 2692-7659

The mission of Space: Science & Technology is to promote the exploration and research of space worldwide, to lead the rapid integration and technological breakthroughs of interdisciplinary sciences in...
