(PDF) List of Automotive Engineering Journals

Discover 80+ in automotive engineering journals for 2025. Explore both paid and free options with detailed metrics, quartiles, impact factors, submission guidelines, and access types to elevate your research and publishing success.

Advances in Military Technology

ISSN: 1802-2308

eISSN: 2533-4123

AiMT is a peer reviewed journal that provides insight into theoretical considerations and practical innovations in military and security technology. The journal covers a broad spectrum of interests in...

Advances in Transportation Studies

ISSN: 1824-5463

Advances in Transportation Studies (ATS) is a four-monthly refereed journal (ISSN: 1824-5463) that includes original full length papers, review articles, case studies on the most recent outcomes of ad...

Agricultural Engineering International: CIGR Journal

eISSN: 1682-1130

The publication of research results and the exchange of information is central to any discipline. Agricultural engineers have the opportunity to publish in several journals dedicated to the profession...

Archives of Automotive Engineering

ISSN: 1234-754X

eISSN: 2084-476X

“The Archives of Automotive Engineering” Archiwum Motoryzacji is a scientific journal existing in the Polish publishing market since 1996. For over 20 years, it has been invariably engaged in...

Archives of Transport

ISSN: 0866-9546

The Archives of Transport is a journal of Warsaw University of Technology. It is prepared and published by Warsaw University of Technology Faculty of Transport as a quarterly. The first issue of A...

ASME Letters in Dynamic Systems and Control

ISSN: 2689-6117

eISSN: 2689-6125

Automotive Systems, Biomedical Engineering, Dynamic Systems & Control, Energy, Environmental Engineering, Internal Combustion Engines, Manufacturing & Processing, Nanotechnology, Noise Control & Acous...

Automobile Technology

ISSN: 1000-3703

Automotive Engineering International

ISSN: 1543-849X

Automotive Engineering magazine is the No. 1 resource for engineers across multiple disciplines in the automotive industry. Published 10 times annually, Automotive Engineering engages decision makers...

Automotive Experiences

ISSN: 2615-6202

eISSN: 2615-6636

Automotive experiences invite researchers to contribute ideas on the main scope of Emerging automotive technology and environmental issues; Efficiency (fuel, thermal and mechanical); Vehicle safety an...

Automotive Finishing

Information not localized

Automotive Industries AI

ISSN: 1099-4130

Automotive Industries (AI) is the world's oldest continually published trade publication covering the automaking business. It was founded in November 1895 as "The Horseless Age," the first magazine cr...

Automotive Innovation

ISSN: 2096-4250

eISSN: 2522-8765

Automotive Innovation is the leading peer-reviewed international journal and China SAE's flagship publication. The journal presents innovative findings and influential developments that meet the cha...

AutoTechnology

ISSN: 1616-8216

Information not localized

Avtomobil'naya Promyshlennost

ISSN: 0005-2337

Information not localized

Communications – Scientific Letters of the University of Zilina

ISSN: 1335-4205

eISSN: 2585-7878

Journal Komunikácie – vedecké listy Žilinskej univerzity v Žiline / Communications – Scientific Letters of the University of Žilina, Slovakia, began publishing in the year 1999 with the expectati...

Computer Aided Geometric Design

ISSN: 0167-8396

The journal Computer Aided Geometric Design is for researchers, scholars, and software developers dealing with mathematical and computational methods for the description of geometric objects as they a...

Drone Systems and Applications

eISSN: 2564-4939

Drone Systems and Applications (formerly the Journal of Unmanned Vehicle Systems) is an electronic-only, open-access, peer-reviewed journal that features research related to the rapidly emerging inter...

Emission Control Science and Technology

ISSN: 2199-3629

eISSN: 2199-3637

Emission Control Science and Technology is a forum for publication of the latest research on control of emissions from mobile and stationary sources. Papers are also welcome on various aspects of deve...

Engineering Failure Analysis

ISSN: 1350-6307

Engineering Failure Analysis publishes research papers describing the analysis of engineering failures and related studies. Papers relating to the structure, properties and behaviour of engineering ma...

eTransportation

eISSN: 2590-1168

eTransportation focuses on advancing knowledge in all modes of transportation which use electricity as a main source of energy, including electric vehicles, electric trains, electric ships and electri...

European Accounting Review

ISSN: 0963-8180

eISSN: 1468-4497

European Accounting Review (EAR) is an international scholarly journal of the European Accounting Association (EAA). Devoted to the advancement of accounting knowledge, EAR provides a forum for the...

European Transport – Trasporti Europei

ISSN: 1825-3997

The collaboration with AIIT expands the team of experts in scientific, technical, economic, legal and social issues from the academic and professional international world (Editorial Advisory Board), t...

European Transport Research Review

ISSN: 1867-0717

eISSN: 1866-8887

European Transport Research Review (ETRR) is a peer-reviewed open access journal publishing original high-quality scholarly research and developments in areas related to transportation science, techno...

Frontiers in Future Transportation

eISSN: 2673-5210

Frontiers in Future Transportation is a multidisciplinary journal focused on scientific and technological innovations that will transform the future of transport and mobility systems. Led by Field Chi...

Global Energy Interconnection

ISSN: 2096-5117

eISSN: 2590-0358

The provision of low carbon energy to our society is a key issue at the heart of sustainable development of global energy supply. The Global Energy Interconnection (GEI) Journal publishes original res...

IEEE Intelligent Transportation Systems Magazine

ISSN: 1939-1390

eISSN: 1941-1197

The IEEE Intelligent Transportation Systems Magazine (ITSM) publishes peer-reviewed articles that provide innovative research ideas and application results, report significant application case studies...

IEEE Open Journal of Intelligent Transportation Systems

eISSN: 2687-7813

The IEEE Open Journal of Intelligent Transportation Systems covers theoretical, experimental and operational aspects of electrical and electronics engineering and information technologies as applied t...

IEEE Open Journal of Vehicular Technology

eISSN: 2644-1330

The IEEE Open Journal of Vehicular Technology covers the theoretical, experimental and operational aspects of electrical and electronics engineering in mobile radio, motor vehicles and land transporta...

IEEE Transactions on Intelligent Transportation Systems

ISSN: 1524-9050

eISSN: 1558-0016

The theoretical, experimental and operational aspects of electrical and electronics engineering and information technologies as applied to Intelligent Transportation Systems (ITS). Intelligent Transpo...

IEEE Transactions on Intelligent Vehicles

eISSN: 2379-8858

The IEEE Transactions on Intelligent Vehicles (T-IV) publishes peer-reviewed articles that provide innovative research concepts and application results, report significant theoretical findings and app...

IEEE Transactions on Transportation Electrification

eISSN: 2332-7782

IEEE Transactions on Transportation Electrification is focused on components, sub-systems, systems, standards, and grid interface technologies related to power and energy conversion, propulsion, and a...

IEEE Transactions on Vehicular Technology

ISSN: 0018-9545

eISSN: 1939-9359

The scope of the Transactions is threefold (which was approved by the IEEE Periodicals Committee in 1967) and is published on the journal website as follows: Communications: The use of mobile radio on...

IEEE Vehicular Technology Magazine

ISSN: 1556-6072

IEEE Vehicular Technology Magazine publishes peer-reviewed articles covering advances in areas of interest to the IEEE Vehicular Technology Society: The theoretical, experimental, application and oper...

IEEJ Journal of Industry Applications

ISSN: 2187-1094

eISSN: 2187-1108

Power Electronics – AC/AC Conversion and DC/DC Conversion, – Power Semiconductor Devices and their Application, – Inverters and Rectifiers, – Power Supply System and its Application, – Power Elect...

Ingenius

ISSN: 1390-650X

eISSN: 1390-860X

INGENIUS publishes original contributions in Mechanical Engineering, Electrical and Electronic Engineering, Computer Science (miscellaneous) and its integration in what is now known as Mechatronics, a...

International Journal of Automotive and Mechanical Engineering

ISSN: 2229-8649

eISSN: 2180-1606

The IJAME provides the forum for high-quality research communications and addresses all aspects of original experimental information based on theory and their applications. This journal welcomes all c...

International Journal of Automotive Engineering

ISSN: 2185-0984

eISSN: 2185-0992

The International Journal of Automotive Engineering (IJAE) is an English-language journal published by the Society of Automotive Engineering of Japan, Inc. (JSAE) as a forum for outstanding and inform...

International Journal of Automotive Science and Technology

eISSN: 2587-0963

International Journal of Automotive Science and Technology is a multidisciplinary open access journal which publishes blind peer reviewed original research articles. The journal includes a wide range...

International Journal of Automotive Technology

ISSN: 1229-9138

The International Journal of Automotive Technology has as its objective the publication and dissemination of original research in all fields of AUTOMOTIVE TECHNOLOGY, SCIENCE and ENGINEERING. It foste...

International Journal of Automotive Technology and Management

ISSN: 1470-9511

eISSN: 1741-5012

The mission of IJATM is to publish original, high-quality research within the field of the automotive industry. Articles should have a significant impact on theory and practice. The journal is effecti...

International Journal of Electric and Hybrid Vehicles

ISSN: 1751-4088

eISSN: 1751-4096

IJEHV provides a high quality, fully refereed international forum in the field of electric and hybrid automotive systems, including in-vehicle electricity production such as hydrogen fuel cells, to de...

International Journal of Energy for a Clean Environment

ISSN: 2150-3621

eISSN: 2150-363X

The principle aim of the International Journal of Energy for a Clean Environment (IJECE) is to describe, compare, and evaluate innovative technologies that will maximize the efficiency of energy produ...

International Journal of Engine Research

ISSN: 1468-0874

eISSN: 2041-3149

The International Journal of Engine Research publishes only the highest quality original and review papers on experimental and analytical studies of engine technology. The journal is intended to serve...

International Journal of Flow Control

ISSN: 1756-8250

Information not localized

International Journal of Heavy Vehicle Systems

ISSN: 1744-232X

eISSN: 1741-5152

IJHVS provides an authoritative source of information and an international forum in the field of on/off road heavy vehicle systems, including buses. It is a highly professional and refereed journal wh...

International Journal of Hydromechatronics

ISSN: 2515-0464

eISSN: 2515-0472

Information not localized

International Journal of Impact Engineering

ISSN: 0734-743X

The International Journal of Impact Engineering, established in 1983 publishes original research findings related to the response of structures, components and materials subjected to impact, blast and...

International Journal of Intelligent Transportation Systems Research

ISSN: 1348-8503

eISSN: 1868-8659

This journal is the only transportation journal to report on multi-disciplinary research efforts with the goal to discover solutions to difficult issues in the field. It provides a platform to bring t...

International Journal of Intelligent Unmanned Systems

ISSN: 2049-6427

eISSN: 2049-6435

The International Journal of Intelligent Unmanned Systems (IJUS) is dedicated to the advancement of the applied science, technology and know-how of autonomous systems through the dissemination of ori...

International Journal of Powertrains

ISSN: 1742-4267

eISSN: 1742-4275

IJPT addresses novel scientific/technological results contributing to advancing powertrain technology, from components/subsystems to system integration/controls. Focus is primarily but not exclusively...

International Journal of Rail Transportation

ISSN: 2324-8378

eISSN: 2324-8386

The unprecedented modernization and expansion of rail transportation system will require substantial new efforts in scientific research for field-deployable technologies. The International Journal of...

International Journal of Spray and Combustion Dynamics

ISSN: 1756-8277

eISSN: 1756-8285

International Journal of Spray and Combustion Dynamics is a peer-reviewed open access journal on fundamental and applied research in combustion and spray dynamics. Fundamental topics include advances...

International Journal of Sustainable Aviation

ISSN: 2050-0467

eISSN: 2050-0475

IJSA handles a broad range of aviation-related issues with particular emphasis on environmental problems associated with sustainability. Aviation is cited as one of the major sources of noise and air...

International Journal of Sustainable Transportation

ISSN: 1556-8318

eISSN: 1556-8334

The International Journal of Sustainable Transportation provides a discussion forum for the exchange of new and innovative ideas on sustainable transportation research in the context of environmental,...

International Journal of Transport Development and Integration

ISSN: 2058-8305

eISSN: 2058-8313

Information not localized

International Journal of Transport Management

ISSN: 1471-4051

Title discontinued as of 2005.

International Journal of Transportation Science and Technology

ISSN: 2046-0430

eISSN: 2046-0449

Rapid urbanization, population growth, motorization, and automation have increased economic activities within and between cities. The demand for increased mobility often imposes stress on the physical...

International Journal of Vehicle Autonomous Systems

ISSN: 1471-0226

eISSN: 1741-5306

IJVAS is an established international authoritative reference in the field of vehicle autonomous systems research and development. Such systems aim to increase accident avoidance and road capacity, im...

International Journal of Vehicle Design

ISSN: 0143-3369

IJVD, the journal of vehicle engineering, automotive technology and components, has been established for over a quarter of a century as an international authoritative reference in the field. It publis...

International Journal of Vehicle Information and Communication Systems

ISSN: 1471-0242

eISSN: 1741-8208

Vehicular computers, sensors and meters; Human-machine interfaces, real-time data processing; Decision making, artificial intelligence; Databases, cloud computing, big data, simulation; Spectrum manag...

International Journal of Vehicle Noise and Vibration

ISSN: 1479-1471

eISSN: 1479-148X

The IJNVN has been established as an international authoritative reference in the field. It publishes refereed papers that address vehicle noise and vibration from the perspectives of customers, engin...

International Journal of Vehicle Performance

ISSN: 1745-3194

eISSN: 1745-3208

IJVP aims to emphasize emerging challenges and state-of-the-art developments addressing the changing needs of the society and the global vehicle industry, and to facilitate dissemination of technologi...

International Journal of Vehicle Safety

ISSN: 1479-3105

eISSN: 1479-3113

IJVS provides an authoritative source of information in the field of vehicle safety design, research and development. It serves applied scientists, engineers, policy makers and safety advocates with a...

International Journal of Vehicle Systems Modelling and Testing

ISSN: 1745-6436

eISSN: 1745-6444

IJVSMT provides a resource of information for the scientific and engineering community working with ground vehicles. Emphases are placed on novel computational and testing techniques that are used by...

International Journal of Vehicular Technology

ISSN: 1687-5702

eISSN: 1687-5710

Cessation. Information not localized.

International Review of Automatic Control

ISSN: 1974-6059

eISSN: 2533-2260

The International Review of Automatic Control (IREACO) is a peer-reviewed journal that publishes original theoretical and applied papers on all aspects of the Automatic Control. The topics to be cover...

International Review of Electrical Engineering

ISSN: 1827-6660

eISSN: 2533-2244

The International Review of Electrical Engineering (IREE) is a peer-reviewed journal that publishes original theoretical and applied papers on all aspects of electrical engineering. The topics to be c...

[International Review of Mechanical Engineering](#)

ISSN: 1970-8734

eISSN: 2532-5655

The International Review of Mechanical Engineering (IREME) is a peer-reviewed journal that publishes original theoretical and applied papers on all fields of mechanics. The topics to be covered includ...

[ITE Journal \(Institute of Transportation Engineers\)](#)

ISSN: 0162-8178

ITE Journal is published monthly by the Institute of Transportation Engineers. The Journal is written by and for transportation engineers, transportation planners and others responsible for the safe a...

[Journal of Traffic and Transportation Engineering](#)

ISSN: 1671-1637

Journal of Traffic and Transportation Engineering (JTTE) is a peer-reviewed journal that publishes original theoretical and applied papers on all fields of transportation engineering. The topics to be covered includ...

[Jixie Kexue Yu Jishu/Mechanical Science and Technology](#)

ISSN: 1003-8728

Information not localized

[Journal of Advanced Manufacturing Technology](#)

ISSN: 1985-3157

eISSN: 2289-8107

Journal of Advanced Manufacturing Technology (JAMT) is a biannual peer reviewed, multidisciplinary international journal, publishing original and high-quality articles covering a wide range of topics...

[Journal of Advanced Research in Numerical Heat Transfer](#)

eISSN: 2735-0142

Journal of Advanced Research in Numerical Heat Transfer (ARNHT) provides a worldwide platform for researchers, engineers, scientists and mathematicians to disseminate novel ideas, share preliminary fi...

[Journal of Advanced Transportation](#)

ISSN: 0197-6729

eISSN: 2042-3195

The Journal of Advanced Transportation (JAT) is a fully peer reviewed international journal in transportation research areas related to public transit, road traffic, transport networks and air transpo...

[Journal of Automotive Safety and Energy](#)

ISSN: 1674-8484

Information not localized

[Journal of Intelligent and Connected Vehicles](#)

eISSN: 2399-9802

Information not localized

[Journal of Intelligent Transportation Systems: Technology, Planning, and Operations](#)

ISSN: 1547-2450

eISSN: 1547-2442

The Journal of Intelligent Transportation Systems is devoted to scholarly research on the development, planning, management, operation and evaluation of intelligent transportation systems. Intelligent...

[Journal of Mechatronics, Electrical Power, and Vehicular Technology](#)

ISSN: 2087-3379

eISSN: 2088-6985

Journal of Mechatronics, Electrical Power, and Vehicular Technology (MEV) is a journal aims to be a peer-reviewed platform and an authoritative source of information. We publish original research pape...

[Journal of Research and Applications in Mechanical Engineering](#)

ISSN: 2229-2152

eISSN: 2697-424X

The Journal of Research and Applications in Mechanical Engineering (JRAME) is a peer-review journal that publishes original research and review articles in the main fields of mechanical engineering fr...

[Journal of the Brazilian Society of Mechanical Sciences and Engineering](#)

ISSN: 1678-5878

eISSN: 1806-3691

The Journal of the Brazilian Society of Mechanical Sciences and Engineering publishes manuscripts on research, development and design related to science and technology in Mechanical Engineering. It is...
